Exchange Programs

FrontierLab

Places students in laboratories of the following schools: Science, Engineering Science, Engineering, Information Science and Technology

Duration: 3 to 12 months

Maple

Improve Japanese language skills, enhance knowledge of Japanese culture and society

Duration: 12 months (Sept. – Aug)

OUSSEP

The **Osaka University Short-term Student Exchange Program** has been designed for 3rd/4th year students to take special academic lectures in English as a Special Auditor.

Duration: 5 to 12 months

iExPO

Immersion **Exchange Program Osaka** allows students fluent in Japanese to freely choose classes and conduct research under the guidance of a professor.

Duration: 5 to 12 months

J-ShIP

Japanese short stay intensive Japanese language program for introductory to lower intermediate level learners.

**Duration: 4 weeks in winter
8 weeks in summer**

Undergraduate Programs in English

OSAKA UNIVERSITY

International Undergraduate Program in Science (IUPS)

Program Overview

<https://www.sci.osaka-u.ac.jp/en/iups/>

internationalcollege@office.osaka-u.ac.jp

The IUPS

- Offers Bachelor's Degree Programs in Science – **Chemistry, Mathematics, and Physics.**
- Offers **entrance examinations in English** (or in English and Japanese for the Department of Mathematics).
- Provides an **intensive Japanese language course** for the first six months before enrollment in the undergraduate program.
- Offers undergraduate studies in **both Japanese and English medium**, with a transition from mainly in English in the first year(s) to mainly in Japanese later.

Overview of the curriculum

Graduation!!

**2nd –
4th
year**

Major subjects taught mainly in Japanese;
research project in a group of choice

**1st –
2nd
year**

Liberal arts and fundamental science
subjects taught mainly in English + further
Japanese language classes

**Preliminary
six
months**

Japanese language course for
IUPS students

IUPS Preliminary Education Course

- Six months, from October to March of the following year (then in April enroll in the School of Science as a first-year undergraduate student)
- **Improve your Japanese language skills**
- **Learn scientific terms in Japanese**
- Acclimatize to life on-campus

Application Requirements (9 items)

1. Application form
 2. Documents certifying eligibility for application
 3. **Letter(s) of recommendation** from the principal and/or a senior science teacher of the last secondary school attended
 4. Results of standardized tests for university admission:
 - Applicants who are from a country or region without a national standardized test, or who cannot submit their standardized test results during the application period should take Examination for Japanese University Admission for International Students (EJU, Chemistry and Physics for Science, Course 2 for Mathematics), or **SAT** (Chemistry, Physics, and Mathematics-2). If neither of these are possible, consult with us (internationalcollege@office.osaka-u.ac.jp).
 - If standardized test results are not available during the application because of problems related to Covid-19, applicants are allowed to send their results later (before enrollment, anyway)
- ✓ *Note: All certificates and other application documents must have an English translation attached if they are not originally in English or Japanese.*

Application Requirements (9 items)

5. Essays (500 ~ 1000 words in English)

- *“Why you wish to study in the International Undergraduate Program in Science”*
- *“What topic in science has captured your imagination recently, and why”*

6. Application fee payment certificate

7. Copy of passport

8. Certification of English Language Proficiency (if applicable)

- TOEFL iBT , TOEFL iBT Home Edition, TOEFL ITP Plus for China (minimum score 80)
- IELTS Academic Module, IELTS Indicator (minimum score 6.0)
- International Baccalaureate with English as an A1 subject at either standard or higher level at grade 4 or above
- Cambridge CAE or CPE (with grade C or better)

8. Certification of Japanese Language Proficiency (if applicable)

- JLPT level N3 or higher
- A document certifying that the applicant has a Japanese language ability equivalent to or higher than JLPT level N3 prepared by the principal or a Japanese Language teacher of an educational institution.

Application Procedures

Access the website for the application
<https://e-apply.jp/n/osaka-u-inter>

Pay the application fee (26,800 JPY)

Post the required application documents
by mail

Selection Flow

First screening: selection based on documents

Second screening: in-person assessment

- * in May 2021
- * online and/or in Osaka, Bangkok, Berkeley, Groningen
- * Science assessment in English (and Japanese, for Math)
- * Simple assessment of Japanese proficiency

Announcement of successful applicants:
informally in May 2021 and officially by July 2021

Important Dates

Registration period: February 12 – March 4, 2021
Application submission: February 12- March 11, 2021

Announcement of first screening results: April 2021
In-person assessment: May 2021

IUPS Preliminary Education Course:
from October 2021 to March 2022

Enrollment as a first-year undergraduate student begins:
April 2022

Human Sciences International Undergraduate Degree Program

Program Overview

<http://g30.hus.osaka-u.ac.jp/>

Launched as part of the
Global 30 Program in 2011

➤ **Global Citizenship Major**

➤ **Contemporary Japan Major**

Redesigned course

**Human Sciences
International Undergraduate Degree Program**
Four-year Bachelor of Human Science Program with Two Majors

➤ **Political and Global Studies**

The Political and Global Studies focus offers students a rigorous selection of courses covering domestic politics, international relations, and political economy.

➤ **Diversity and Inclusion Studies**

This focus asks students to address issues of equality, participation and inclusion for people who are very differently located in society. It is linked to the new UNESCO Chair in Global Health and Education.

➤ **Japan Studies**

The Japan Studies focus invites students to study Japan from a number of perspectives – culture, social systems, institutions, as well as its global influence.

CLASS ENVIRONMENT

- ◆ **Innovative teaching** – learner-centered approach & first-hand research information;
- ◆ **Small class sizes** – opportunity to have deeper discussions with other students and professors, and get necessary support;
- ◆ **Diverse groups of students** – opportunity to take classes with international and exchange students, students from Japanese programs and graduate students;
- ◆ **International student diversity** – Canada, China, India, Italy, Japan, Singapore, Indonesia, Sweden, Taiwan, Thailand, the UK, the USA, and Vietnam.
- ◆ **International professors** – US, Eastern and Western Europe, Central Asia, Japan

Great Environment for Research & Exploration

- ◆ **Undergraduate research opportunities** – from the 2nd year students are encouraged to apply for the Osaka University grants to conduct small individual and group research projects with the help of their supervisors;
- ◆ **Exchange programs** – opportunity to apply for exchange programs with partner universities and faculties worldwide;
- ◆ **Graduation projects** – variety of topics starting from political to social, educational, psychological and environmental issues.

Destinations After Graduation

By September 2020 we had **six cohorts graduated** from our Program:

- More than half of the students chose to work in business, financial and consulting sectors (Google, Rakuten, JAL, Kyocera, Osaka Gas, Goldman Sachs, and so forth);
- About one-third of the students continue their studies in graduate schools, including University of Tokyo, Osaka Univ., Kyoto Univ., London Business School, Boston College, University of Oxford and Leiden Univ.

Important Dates

December 1, 2020 10:00 am (JST)	Application period opens
January 8, 2021 4:59 pm (JST)	Deadline for the application registration and the application fee payment
January 15	Deadline for receipt of application documents by post
February 19	Notification of the interviews
Mid-February to mid-March	Interviews
Late March	Notification of the screening results by email
May 6	Deadline to reply to offers by email
June	Payment of the enrolment fees, visa application
July	Deadline for completing the IB program to submit IB results to confirm offers
August	Deadline for completing A-levels to submit final A-level results to confirm offers
Late September	Move into the dorm, Entrance ceremony
October 1	Classes begin

Accommodation

On-campus dormitories are guaranteed for IUPS students for the **first year** at Osaka University.

- Individual rooms, with shower, kitchenette
- ~ 15,000 JPY (~1,000 HKD) per month

New campus dormitories!

Osaka University International House, Toyonaka

Global Village

International Student Support

- ✓ Health and Counseling in English
- ✓ Career Support
- ✓ Science Buddy Program
 - Welcome Party
 - International Food Party
 - New Year's Party
 - Yukata de Tanabata

International Exchange Salon

Greeting from the 18th President of Osaka University, Shojiro NISHIO, on his appointment

Osaka University was founded in 1931 as the sixth imperial university of Japan through strong demand from the business and government sectors of Osaka, as well as the people of Osaka City and Prefecture. The collaboration from the nation and society. An important responsibility of the university is to answer the mandates of the citizens and society alongside promoting the very best in education and research.
